TO WHOM IT MAY CONCERN

In October, 1994, we had vinyl siding installed on our home and all the windows replaced with new energy efficient ones. The contractor who did the work for us was "Vinyl is Final," owned and operated by Tom Minor. Since then Tom has expanded his business and is presently the owner/operator of "Lifetime Exteriors" located at 470 N. 2<sup>nd</sup> E. in Mountain Home, Idaho.

The work on our home was outstanding progressing rapidly without delay and Tom was always ready to answer any questions we had about the siding or windows. The work on our home reduced the energy consumption substantially, and although it was a great help then, it is even more now with the cost of energy rising so rapidly.

I highly recommend Tom and his company for any similar work and invite anyone who wishes to contact us or come by and see our home.

Sincerely

HAROLD C HENDERSON
